Supporting Materials

In addition to the application form, we require a two-page concept paper proposing an intervention research project, where some kind of systematic change is made and outcomes are compared with a counterfactual (usually a control or comparison group). Please also provide a letter of support from your Dean or Department Chair, a personal statement describing your research and career interests and how the course will benefit them (one page), and your curriculum vitae. In your personal statement, please include what “eligible category” you fall into (see Eligibility Requirements at the [2006 NIH Summer Institute](#) webpage). If you require reasonable accommodations because of a disability in order to participate in this activity, please include this information with your application or inform Karma Topden (ktopden@thehillgroup.com) at least 30 business days before the course begins. *A request for reasonable accommodation due to a disability will not influence the selection process.*

Applications must be received by Monday, May 1, 2006. You will be notified of your acceptance by the third week of May. Mail five (5) complete sets of this application and the supporting materials to:

I understand that the Summer Institute can accommodate only a limited number of applicants and that an applicant who fails to attend after acceptance denies another worthy applicant the opportunity to participate. Therefore, I assure the National Institutes of Health that, if accepted, I will participate in the full program of the 2006 NIH Summer Institute from the evening of July 23 through 5pm on July 28, 2006. **I am a U.S. citizen or a non-citizen with permanent resident status.**
